

# SUPER SURFER

Adjuvant

## WHAT IS SUPER SURFER?

Super Super revolutionises foliar application techniques in turf management, ensuring uniform nutrient delivery and optimal turf health. As a nature-based surfactant, Super Surfer enhances foliar application efficiency, offering improved coverage, nutrient absorption, and pH adjustment for optimal turf health.

**COLOUR & APPEARANCE:**  
Dark red liquid.

## APPLICATION RATE AND INSTRUCTIONS

**80-120ml per 100ℓ of water**

For optimal results, use an average of 80-120ml of Super Surfer per 100ℓ of water.

1. Fill the spray tank to **50% with water** before adding Super Surfer.
2. Observe the **change of colour** of the solution to slightly pink.
3. Depending on the hardness of the water, you should add the amount of product that will lead to the **desired pH of the water** – about 5.5.
4. To do this, follow the colour scale given at the bottom of the label.
5. If you are not able to determine the colour gradient 100ml per 100ℓ is the average application rate.

Hard Water  
pH 7 - 8

Water with partially  
lowered pH 6- 7

Appropriate Water  
pH 5.5 - 6.0

Water with too  
low pH

## CHEMICAL ANALYSIS:

Nitrogen (N)	4%
Phosphorus pentoxide (P2O5)	21%

**VOLUME:**

**1L & 5L**

## BENEFITS OF SUPER SURFER APPLICATION

Super Surfer serves to enhance the quality and wetting ability of irrigation water, vital for optimizing the effectiveness of foliar sprays. By lowering both the pH level and surface tension, it guarantees improved wettability of the foliar spray and facilitates deeper water penetration.

## MODE OF ACTION

**Enhanced Spread ability:** Improves spray distribution and soil water penetration, ensuring uniform application.

**pH Optimization:** Buffers spray and irrigation water to pH 5.5, enhancing foliar feed efficacy.

**Nutrient Enrichment:** Supplies vital macronutrients (N, P) for turf nourishment and growth.

**Wetting Efficiency:** Lowers surface tension for better wettability and deeper irrigation water penetration

## ENVIRONMENTAL IMPACT

Super Surfer is classified with a mild hazard level due to its nature-inspired efficacy. When utilized as directed, it ensures minimal environmental disturbance by decomposing into non-toxic byproducts over time.

## COMPATIBILITY

Super Surfer can be also used with all foliar fertilisers and pesticides, and organic bio-stimulants.

**EXPIRY TIME:** 2 years.

**UFI:** VC00-YOGE-700J-F4RU

H314: Causes severe skin burns and eye damage.

P260: Do not breathe dust/ fumes/gas /mist/vapours/spray

P264: Wash thoroughly after handling.

P280: Wear protective gloves/protective clothing/eye protection/face protection.

P303 + P361 + P353: **IF ON SKIN (OR HAIR):** Remove / Take off immediately all contaminated clothing.

P305 + P351 + P338 + P310: **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a POISON CENTER or doctor/physician.

P405: Store locked up.

P501 - Dispose of contents and container in accordance with all local, regional, national and international regulations.
