

**VERDE-CAL F**

Verde-Cal F

Enhanced Liquid Calcium

PRODUCT

Verde-Cal F is an enhanced liquid calcium product that can be applied as a foliar product on sports turf. **Verde-Cal F** is ideally used as a product for plant protection in the golf and sports turf. **Verde-Cal F** increases cell wall strength and contains added humic acids aiding in nutrient uptake. Plant essential nutrients like Magnesium and Iron are also present in **Verde-Cal F**.

FORMULATION

Calciumoxide (18%)
Humic Acids (5%)
Trace elements (1%)

PACKAGING

10 liter  Shake before use
1,40 kg / L (20 °C)

APPLICATION RATE

For sports turf application use 10 - 20 L / Ha in 400 L water per hectare per application. Apply in 14 - 30 day intervals.

When used on soils with low organic matter and/or low natural mineral content in the soil, more frequent application and/or higher application rates per Ha are recommended. For these applications, please ask your distributor for the correct application rate.

10 liter 

Batch Number: 042309

SHELF LIFE

Limited shelf life after opening, best stored at room temperature.

REMARK

Attention!

H315 - causes skin irritation

P102 - keep out of reach of children

P402 + P404 - Store in a dry place. Store in a closed container. Safety data sheet available upon request. Do not combine Verde-Cal F in the spray tank with pesticides or fertilizers unless prior use has shown the combination is physically compatible, effective and non-injurious under local conditions.
